FROM THE PRESIDENTS

On behalf of the AAS and SUS Executive Committees, we are excited to invite you to attend our 8th Annual Academic Surgical Congress (ASC) to be held February 5-7, 2013 at the Hotel Roosevelt in historic New Orleans, Louisiana.

2013 marks the eighth year that our societies have collaborated to bring the best educational, basic science, translational, global health, clinical, outcomes, and health services research conducted by faculty, residents and medical students today. 2013 also marks the 75th anniversary year for the SUS and the 40th anniversary year for the AAS annual meetings. Under the leadership of AAS Recorder, Dr. Julie Ann Sosa, and SUS Publications Chair, Dr. Joseph Woo, the AAS and SUS Program Committees are offering up another innovative scientific program to our attendees.

We are honored that Dr. Thomas Fogarty will be delivering the AAS Founders Lecture and that Dr. Peter Angelos will be presenting the SUS Joel J. Roslyn Lecture. We are also excited to award Dr. Alden Harken the SUS Lifetime Achievement Award for 2012. New this year is a lectureship sponsored by the British Journal of Surgery to be given by Dr. Eefje de Vries on the development, implementation and effects of a comprehensive surgical safety system. There will also be a new format for the SUS and AAS Plenary Sessions. Each session has been developed by the respective President, and is devoted to a single topic. They are entitled, “Generating Evidence for Evidence-based Practice” and “Publish or Perish: An Editor’s Point of View” for the SUS and AAS, respectively. New this year will be a medical student mentoring program. Also new this year, we will have break out sessions geared to help trainees asking practical questions as they look for their first academic position. And, for the first time, the ASC will be offering maintenance of certification (MOC) to attendees.

The Education Committees will hold a session on integrated training programs and the Issues Committees will hold a panel on how to develop, sustain and reward mentors in surgery. There will be a special Outcomes Panel Discussion on setting the agenda for surgical outcomes research over the next ten years. The AWS lunch session will highlight achieving goals through strategic partnerships and will give examples of real life success stories.

For the fourth year in a row, the Hot Topic Symposia will be another highlight of the meeting. Spread over two days, the Hot Topic Symposia will feature two sessions over each lunch hour. On Tuesday, we will focus on acute care surgery and surgical outcomes data and on Thursday, we will discuss bleeding in the operating room and global health and academic surgery.

Of course, our meeting would not be complete without the inclusion of our colleagues from all over the world and we are pleased to welcome representatives from the European Society for Surgical Research, the Society of Academic and Research Surgery, the Surgical Research Society of Southern Africa, the Japan Surgical Society, the Surgical Research Society of Australasia, the Taiwan Surgical Association, the West African College of Surgeons, the Colombian Surgical Association, and the Royal Australasian College of Surgeons and Younger Fellows.

The combination of the amazing sessions, the special programs designed specifically for medical students and trainees, and a week full of opportunities to connect with colleagues in an exciting city will mark this meeting as the one not to miss.

Please explore this Advance Program for further details regarding the ASC. We urge you to add the 2013 ASC dates to your calendar and to take advantage of the excellent educational and social activities that this year’s congress has to offer.

We look forward to welcoming you to New Orleans next February!

MISSION STATEMENTS

The Academic Surgical Congress is organized by the Association for Academic Surgery (AAS) and the Society of University Surgeons (SUS). Their respective missions are as follows:

**AAS:** To stimulate young surgeons and surgical scientists to pursue careers in academic surgery and support them in establishing themselves as investigators and educators; to provide a forum for senior surgical residents, fellows and junior faculty members to present papers on subjects of clinical, laboratory or educational research; and to facilitate the development of young surgeons and surgical scientists as investigators and educators.

**SUS:** Our mission is to advance the art and science of surgery by (1) the encouragement of its members to pursue original investigations both in the clinic and in the laboratory; (2) the development of methods of graduate teaching of surgery with particular reference to the resident system; (3) free and informal interchange of ideas pertaining to the above subjects.

EDUCATIONAL OBJECTIVES

After participating in this educational activity, attendees will be able to:

1. Identify important research and clinical advancements relating to topics within academic surgery, including oncology, trauma, critical care, pediatrics, vascular, cardiothoracic, gastroenterology, transplant, education, emerging technologies, global surgery, clinical trials, outcomes, and health services research;

2. Develop an understanding of current issues in the advancement of the art and science of surgery;

3. Improve treatment strategies for surgical patients;

4. Discuss the latest basic science, translational, and health services research and the expected impact of these breakthroughs in future patient care;

5. Review the newest technologies that facilitate improved outcomes in surgical patients.

CME ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of CMI Education Institute, Inc. and Society of University Surgeons (SUS). CMI Education Institute is accredited by the ACCME to provide continuing medical education for physicians.

Part of the CME credits will be applicable towards fulfilling Part 2 of the ABS Maintenance of Certification (MOC) Program. This applies to the following sessions:

- SUS Presidential Plenary
- AAS Presidential Plenary
- Outcomes Panel Discussion

AMA PRA DESIGNATION STATEMENT

The CMI Education Institute, Inc. designates this live educational activity for a maximum of 24 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE PROCEDURE

It is the policy of The Society of University Surgeons (SUS) and CMI Education Institute, in accordance with the Accreditation Council for Continuing Medical Education (ACCME), to ensure balance, independence, objectivity, and scientific rigor in all CME activities. Anyone engaged in content development, planning or presentation must disclose all relevant financial relationships with a commercial interest producing health care goods or services; and who also has the opportunity to affect the content of CME about the products or services of that commercial interest. All presenters are also required to disclose any usage of investigational use or off-label products. Disclosure information will be provided to participants prior to the meeting in the final program.

ADA STATEMENT

In accordance with the ADA, the Academic Surgical Congress will accommodate requests for special needs made in advance of the meeting.

WHO SHOULD ATTEND?

- Academic Surgeons
- Junior Faculty Members
- Senior Faculty Members
- Surgical Residents & Fellows
- Academic Clinicians
- Surgical Scientists
- Surgical Educators
- Medical Students

VISA REQUESTS

You may obtain a visa letter to attend the 2013 Academic Surgical Congress by sending your contact details to the ASC Registrar at info@academicsurgicalcongress.org. Please include all of your contact details including your full name, mailing address, city, state/province and country so that the letter may be properly prepared. Please note that registration is required to attend this meeting. There are no discounts or waivers to the registration fees.

HOT TOPIC SESSION: “Acute Care Surgery – Now That We’ve Built It, Will They Come, and Why Should They?”
Moderator: Thomas Esposito, MD
- Why was it built? Overview of the evolution of this new discipline. – Thomas Esposito, MD
- What is it? Overview of the Acute Care Surgery Fellowship Curriculum and status of fellowships nationally. – Thomas Esposito, MD
- Who might consider it and why? Presentation of results of published opinion surveys of residents and attendings on Acute Care Surgery Fellowships and other training issues. – Jamie Jones, MD
- Why consider it and what can you do with it? Discussion of different practice models of Acute Care Surgery and testimonials from those who have finished the Fellowship and are now practicing. – David Efron, MD & Paula Ferrada, MD

At the end of the session, participants will be able to:
1. Be familiar with issues that led to the development of Acute Care Surgery and the argument for its need.
2. Be familiar with the current content of the Acute Care Surgery Fellowship curriculum and the status of Fellowships.
3. Be familiar with the opinions of current surgical residents and attendings on Acute Care Surgery.
4. Be familiar with the current practice models of Acute Care Surgery and the benefits it offers as a career.

— OR —

HOT TOPIC SESSION: “Surgical Outcomes Data: The Next Frontier in Surgical Education”
Moderator: Rachel Kelz, MD
- The Academic Report Card: How Do We Measure Up and How Do Residents Affect These Results? – Justin B. Dimick, MD, MPH
- A Brave New World in Surgical Education: How Can Outcomes Data Help with the Core Competencies and the Milestones Project? – James Hebert, MD
- Building a Culture of Commitment: The Next Generation of Surgeons – Clifford Ko, MD
- Let the Data Speak to Your Residents – Rachel Kelz, MD

At the end of the session, participants will be able to:
1. Understand currently available data used to assess surgical quality.
2. Describe the state of patient care in academic centers considering issues related to surgical education and resident participation.
3. Illustrate recent changes in accreditation requirements and external pressures motivating change in the surgical training paradigm.
4. Develop strategies to integrate outcomes data into surgical education.
1:00 pm – 2:30 pm  **SUS Presidential Plenary**

“Generating Evidence for Evidence-based Practice”  
*Moderator: George P. Yang, MD, PhD*

- Comparative Effectiveness Research Using Registry Data: Strategies for Success – Adil Haider, MD
- The Road Paved with Experience – R. Lawrence Moss, MD
- Surgeons as Drivers of Translational Research – Monica Bertagnolli, MD

At the end of this session, participants will be able to:
1. Recognize the extent to which surgical practice is guided by well-controlled science.
2. Understand how national organizations are working to develop consortia to address how care is provided.
3. Highlight how various approaches to health services research can guide our practice.
4. Understand how surgeons can contribute to developing health care policy.

2:30 pm – 3:00 pm  **SUS Joel J. Roslyn Lecture**

“Surgical Ethics, Innovation, and the Future of Surgical Progress”  
*Peter Angelos, MD, PhD*

*University of Chicago Medicine; Linda Kohler Anderson Professor of Surgery; Chief, Endocrine Surgery; Associate Director, MacLean Center for Clinical Medical Ethics*

*Introduction by George P. Yang, MD, PhD, SUS President*

3:00 pm – 3:30 pm  **British Journal of Surgery Lecture**

“Development, Implementation and Effects of a Comprehensive Surgical Safety System”  
*Eefje de Vries, MD*

*General Surgery Resident*

*Introduction by George P. Yang, MD, PhD, SUS President*

3:30 pm – 4:00 pm  **Afternoon Break in Exhibit Area**

4:00 pm – 5:30 pm  **Basic Science Plenary**  
* Moderators: Melina R. Kibbe, MD, RVT & George P. Yang, MD, PhD  

--- OR ---

**Outcomes Plenary**  
* Moderators: Caprice Greenberg, MD & Sandra Wong, MD*

5:30 pm – 6:30 pm  **SUS Business Meeting**  

--- OR ---

**AAS Medical Student Quickshots**  
* Moderators: Melina R. Kibbe, MD, RVT & Julie Ann Sosa, MD*

WEDNESDAY, FEBRUARY 6, 2013

7:30 am – 9:30 am  **Integrated Oral Session I**

**Morning Break in Exhibit Area**

**AAS Founders Lecture**

“Fogarty Institute for Innovation”  
*Thomas Fogarty, MD*

*Founder, Fogarty Institute for Innovation*

*Introduction by Melina R. Kibbe, MD, RVT, AAS President*

10:00 am – 10:30 am  **AAS Presidential Address**

*Melina R. Kibbe, MD, RVT*

*Associate Professor of Surgery, Edward G. Elcock Professor of Surgical Research, Vice Chair of Research, Department of Surgery, Deputy Director, Institute for BioNanotechnology in Medicine, Northwestern University; Co-Chief, Peripheral Vascular Service, Director, Vascular Laboratory, Jesse Brown VA Medical Center*

*Introduction by Lillian S. Kao, MD, MS, AAS President-Elect*

10:30 am – 11:30 am  **AAS Presidential Plenary**

“Publish or Perish – An Editors Point of View”  
*Moderator: Melina R. Kibbe, MD, RVT*

- Strategies to Publish in High Impact Journals – Ed Livingston, MD, *JAMA*
- Top 5 Things that Get a Manuscript Rejected – Michael Sarr, MD, *Surgery*

11:30 am – 1:00 pm  **Association of Women Surgeons Luncheon**

“Achieving Goals Through Strategic Partnerships”  
*Moderator: Carla Pugh, MD*

*Faculty: Caprice C. Greenberg, MD, Melina R. Kibbe, MD, RVT, William H. Pearce, MD, MPH & Michael J. Zinner, MD*

At the end of this session, participants will be able to:
1. List three key expectations of the mentor-mentee relationship.
2. Outline a mentorship strategy for helping to achieve their top 3 professional goals.
3. Perform a S.W.O.T. analysis on their top professional goal.

1:00 pm – 2:30 pm  **AAS Presidential Plenary**

"Publish or Perish – An Editors Point of View"  
*Moderator: Melina R. Kibbe, MD, RVT*

--- OR ---

**AAS Medical Student Quickshots**  
* Moderators: Melina R. Kibbe, MD, RVT & Julie Ann Sosa, MD*

Join us for the annual Extravaganza! This year it is scheduled to last late so you can enjoy visiting with your colleagues, dinner, drinks, and N’awlins entertainment specialties!
● The Do’s and Don’ts of Publishing – Dave McFadden, MD, *Journal of Surgical Research*
● How to Get on an Editorial Board – Julie Freischlag, MD, *Archives of Surgery*
● Answers to the Top 10 Questions Posed from the AAS Membership
● Open Discussion

At the end of this session, participants will be able to:
1. Understand strategies to publish in high impact journals.
2. Identify 5 things that result in rejection of manuscripts.
3. Understand the ethics of publishing.
4. Understand the process for appointing faculty to editorial boards.
5. Discuss the future of publishing.

2:30 pm – 4:00 pm  **BREAKOUT SESSION FOR TRAINEES**

**Outcomes Breakout Session**
Moderators: Justin B. Dimick, MD, MPH & Sandra Wong, MD

**RESEARCH IN PROGRESS PRESENTATIONS:**
Arden Morris, MD, Gretchen Schwarzke, MD & Dorry Segev, MD

**BREAKOUT GROUPS:**
- Career Development Tips/Pitfalls (Methodologic Training, Finding a Mentor/Faculty Position) *(Facilitators: Drs. Amir Ghaferi, Julie Ann Sosa, & Tina Yen)*
- Balancing clinical care and an outcomes research program *(Facilitators: Drs. Ravi Chokshi & Tim Pawlik)*
- Developing Research Collaboratives/Collaborative Networks *(Facilitators: Drs. Justin Dimick & Tim Lee)*
- Funding for HSR/Outcomes *(Facilitators: Drs. Caprice Greenberg & Lillian Kao)*

At the end of this session, participants will:
1. Learn career development tips.
2. Learn how to balance clinical care and an outcomes research program.
3. Learn how to develop research collaborative networks.
4. Learn how to seek funding for HSR/Outcomes.

---

**Basic Science/Translational Research Breakout Session**
Moderators: Melina R. Kibbe, MD, RVT & George P. Yang, MD, PhD

"Getting Started as an Academic Surgeon with a Basic Science Focus"

**BREAKOUT GROUPS:**
- How much start-up money/resources do I need, and how do I negotiate for this? *(Facilitators: Drs. Alan Dardik & Brian Zuckerbraun)*
- Do I need my own lab space, or a bench in a senior investigator’s lab? *(Facilitators: Drs. Greg Kennedy & George Yang)*
- How do I protect my time to conduct research? *(Facilitators: Drs. Raul Guzman & Melina Kibbe)*
- Who are the right mentors for me? *(Facilitators: Drs. Herb Chen & Mike Conte)*
- Which personnel do I need to hire in the beginning (tech, post-doc, lab manager, animal tech, etc) and how do I go about doing that? *(Facilitators: Drs. Dev Desai & Edith Tzeng)*
- What is the best strategy to seek funding early in my career? *(Facilitators: Drs. Scott LeMaire & Paula Shirene)*
- How do I develop a research focus? *(Facilitators: Drs. Funda Meric-Bernstam & Diane Simeone)*

At the end of this session, participants will be able to:
1. Learn what resources are needed to start up a research lab.
2. Understand negotiation strategies to obtain space, resources, money, etc.
3. Learn strategies to protect their time to conduct research.
4. Understand the importance of selecting the right mentor.
5. Become knowledgeable about how to obtain seed money for their research.
6. Learn how to develop a research focus.

---

**Education Breakout Session**
Moderators: Kelli Bullard-Dunn, MD, Bethany Sacks, MD, Rebecca Sippel, MD & Wei Zhou, MD

**BREAKOUT GROUPS:**
- How do I get an administrative role in education (clerkship director or residency program director)? *(Facilitators: Drs. Rebecca Sippel, Matt Goldblatt & Danny Chu)*
- How do I negotiate a job as a surgical educator and how do I get promoted as a surgical educator? *(Facilitators: Drs. Steve Yang, Steve Goldin & Kelli Bullard Dunn)*
- How can I become a leader in surgical education? How can I get involved at a national level? *(Facilitators: Drs. Rebecca Minter, Amalia Cochran & Bethany Sacks)*
- How do I start an education research program and how do I get it funded? *(Facilitators: Drs. Dimitrios Stefanidis & Wei Zhou)*

At the end of the session, participants will be able to:
1. Gain a better understanding of how to develop an administrative role in surgical education.
2. Be promoted based upon educational activities.
3. Obtain a leadership role at the national level.
4. Establish and fund an educational research program.

4:00 pm – 4:30 pm  **Afternoon Break in Exhibit Area**

---

**AAS Student/Mentor Reception**
4:30 pm – 5:30 pm

**SUS New Member Poster Session**

---

**Resident/Student Meet the AAS Leadership**
5:30 pm – 7:00 pm  **AAS Business Meeting**
10:00 pm – LATE  **AAS/SUS Presidential Reception**

Please join Drs. Melina Kibbe and George Yang for an evening reception with the AAS and SUS Presidents. All attendees are welcome regardless of membership status in the AAS or SUS.
THURSDAY, FEBRUARY 7, 2013

7:30 am – 9:30 am  Integrated Oral Session II
9:30 am – 10:00 am  Morning Break in Exhibit Area
10:00 am – 11:00 am  AAS Research Awards
Presented by Lillian S. Kao, MD, MS & Julie Ann Sosa, MD

— OR —

SUS Research Awards and SUS International Speaker Presentations
Presented by Dev Desai, MD, SUS Scholarship Committee Chair & the SUS International Speakers

11:00 am – 12:00 pm  Education Plenary Session
Moderators: Kelli Bullard-Dunn, MD & Bethany Sacks, MD

12:00 pm – 1:30 pm  Lunch in Exhibit Area

— OR —

EDUCATION COMMITTEE SESSION: “Integrated Subspecialty Programs: Way of the Future or Recipe for Disaster?”
Moderators: Kelli Bullard-Dunn, MD & Wei Zhou, MD

- Cardiothoracic Surgery – Mike Acker, MD
- Plastic Surgery – Michael Neumeister, MD
- Vascular Surgery – Ron Dalman, MD
- ACGME/ABS – John Potts, MD

At the end of this session, participants will be able to:
1. Understand early specialization.
2. Understand the impact of early specialization on general surgery training.
3. Appreciate the benefits and potential issues facing program directors and trainees.
4. Gain insights on the position of American Board of Surgery and ACGME.

— OR —

HOT TOPIC SESSION: “Bleeding in the Operating Room – Why It’s Bad & How to Stop It!”
Moderators: Vic Ferraris, MD & Col. Todd E. Rasmussen, MD, USAF, MC

- Does Intraoperative Blood Transfusion Help? What is the evidence? – Vic Ferraris, MD
- Bleeding in Cardiac Surgery: Lessons Learned and Translation to Elective and Emergency Surgery – Todd Rosengart, MD
- Bleeding in the Setting of Trauma: Lessons in Surgical Hemostasis from the Wars in Afghanistan and Iraq – Lt. Col. Gerald R. Fortuna, MD, USAF, MC
- Management of Bleeding in the Non-Surgical, Non-Trauma Patient: A Transfusion Medicine Perspective – Lawrence (Tim) Goodnough, MD

At the end of this session, participants will be able to:
1. Identify clinical factors placing patients at high risk for perioperative bleeding.
2. Gain comfort in the multi-modality approach to blood conservation that broadens the focus from limiting blood transfusion to a more comprehensive strategy that includes maintaining adequate hemoglobin concentration, optimizing hemostasis, and minimizing blood loss in order to limit transfusion.
3. Understand the differences in transfusion strategies in civilian and military trauma compared to elective or semi-elective operations.
4. Understand options for handling massive transfusion and treatment of intractable bleeding in the civilian and military settings.
5. Learn the value of a multidisciplinary approach to management of blood resources, especially as it relates to uncontrolled bleeding.

— OR —

HOT TOPIC SESSION: “Global Health and Academic Surgery: Practical Perspectives”
Moderator: Chandra Are, MD & Purvi Parikh, MD

- Resident’s Perspective (Clinical Aspects) – Paul Kolkman, MD
- Resident’s Perspective (Research Aspects) – Megan Frost, MD
- Junior Faculty’s Perspective – Randeep Jawa, MD
- Senior Faculty’s Perspective – Gazi Zibari, MD
- Program Director’s Perspective – Chandra Are, MD

At the end of this session, participants will be able to:
1. Provide practical perspectives and knowledge on global surgical healthcare, as part of surgical educational curricula and as volunteer or outreach work for the academic surgical community.
2. Provide a rationale for the involvement of academic surgical community in these global health endeavors.
3. Outline methods to develop surgical capacity in the third world in which the academic surgical community can play a vital and much needed role.
4. Delineate the clinical and research avenues where the involvement of academic surgical community can be beneficial.

1:30 pm – 3:00 pm

OUTCOMES PANEL DISCUSSION: “Surgical Outcomes Research: Setting the Agenda for the Next 10 Years”
Moderator: Heather Neuman, MD

- Delivery System Reform (Policy) – Justin Dimick, MD, MPH
- Systems Redesign (Safety/Quality) – Caprice Greenberg, MD
- Patient-Centered Outcomes Research/Comparative Effectiveness Research – George Chang, MD
- Disparities Research – Sandra Wong, MD

At the end of the session, participants will be able to:
1. Discuss cutting edge research and important future directions in the four key domains of health services.
2. Describe key issues in health care policy reform affecting surgeons.
3. Understand major concepts in systems redesign, with a focus on the safety and quality of surgical care.
4. Describe the evolution of and major advances in patient-centered outcomes research and comparative effectiveness research.
5. Identify cutting-edge approaches to understanding and reducing health disparities.

3:00 pm – 3:30 pm  Afternoon Break
3:30 pm – 5:30 pm  Integrated Quick Shot Session II

Register on-line at: www.academicsurgicalcongress.org
The following courses will take place after the ASC. A separate fee will be charged for these courses. Please visit the website for more information and to register: www.academicsurgicalcongress.org.

**SUS Inaugural Mid-Career Academic Surgery Professional Development Course**

**FEBRUARY 7-8, 2013**

CHAIR: Rebecca Minter, MD
CO-CHAIRS: Dev Desai, MD & Nipun Merchant, MD

The SUS is pleased to offer its inaugural course for Mid-Career Academic Surgeons seeking new leadership opportunities to be held on February 7-8 in New Orleans, LA immediately following the Academic Surgical Congress. This is a unique professional development offering for individuals interested in optimally preparing for success as they move into new roles in departmental and health center leadership.

The course will feature instructors that are accomplished surgical leaders holding high level positions within departments of surgery or as leaders of multi-disciplinary centers within the healthcare system. In addition, a professionally certified executive career coach will participate as faculty.

**Topics include:** "What is the Search Committee Looking For?"; "How Do I Prepare for the Interview?"; "Do I Need an MBA or Health Care Management Degree?"; "Negotiating the Details of the Offer?"; and "I've Got the Job – Now What Do I Do?".

The course will have a high level of interactivity and discourse, and therefore will be capped at 50 participants. We hope that you will take advantage of this opportunity and register today. Full course information and registration can be accessed at info@susweb.org or please contact the SUS offices by phone or email: 407.647.8839, or info@susweb.org.

**AAS/SUS Surgical Investigators’ Course**

**The Grant-Writing Workshop**

**FULL-DAY COURSE FOLLOWING THE ASC**

**FEBRUARY 8, 2013**

CHAIRS: Scott A. LeMaire, MD & George P. Yang, MD, PhD
CO-CHAIRS: Justin Dimick, MD & Caprice Greenberg, MD

An intensive workshop to help you write a successful grant and get funded!
- Taught by faculty with a record of successful grant funding
- Ideal for senior residents, fellows and junior faculty
- Limited space available to maximize interaction
- Understand how to develop a research hypothesis and expand it into a compelling grant
- Learn how to revise a proposal for resubmission
- Take part in a mock study section to see how grants are reviewed
- Have your own grant critically reviewed

At the end of the session, participants will be able to:
1. Understand the grants funding process.
2. Develop grant writing skills.
3. Understand how grant review occurs.

**About the Roosevelt New Orleans:** Few names in American hospitality resonate for travelers and locals the way The Roosevelt New Orleans does. From our legendary past – where the famous and infamous, the royal and revered, the celebrity and the Sazerac have all starred – to our modern-day luxury and extraordinary accommodations and meeting spaces, The Roosevelt is the destination where memories begin. Experience the premier luxury hotel in New Orleans, now part of the prestigious Waldorf Astoria Hotels & Resorts. We bring the world to our doors.

The Roosevelt stands in the same place it has for more than 100 years, at the heart of all the history, cuisine, entertainment and culture that made New Orleans famous. Just past the hotel’s magnificent brass doors are the narrow streets and old-world charm of the French Quarter. Stroll along the shop-lined sidewalks of Royal Street. Immerse yourself in the constant buzz of activity at Jackson Square. Let your ears take you from one club to the next as you soak in a wealth of musical stylings at Preservation Hall or on Frenchmen Street.

With the St. Charles and Canal streetcar lines within blocks of The Roosevelt, the rest of New Orleans is just a few stops away. Walk amongst the centuries-old live oaks of City Park or marvel at the majestic homes of the historic Garden District. When you stay at The Roosevelt, all of New Orleans is yours to explore.

**How to Make a Hotel Reservation**

You may book your sleeping room reservation through the Roosevelt Hotel website, www.therooseveltneworleans.com, and enter your three-letter Group Code: ASC.

You may also call 1.800.WALDORF (1.800.925.3673) and request the group rate for the Academic Surgical Congress. The group rate is: $229 single or double.
